We continue to work tirelessly on a satisfactory resolution to the Bridge Taxi Finance impasse. As you are aware we engaged investors and sent out communication during the month of April regarding the update on the Bridge Taxi Finance exposure in the Retention fund. Impairment on existing notes were implemented in April and new notes will be issued in May. We expect some cash to be returned to investors post the issuance of the new notes.

The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The Manager retains full legal responsibility for the Fund, regardless of Co-Naming arrangements. Transaction cutoff time is 14:30 daily. Each portfolio may be closed for new investments. Valuation time is 15:00 (17h00 at quarter end). Prices are published daily and available in newspapers countrywide, as well as on request from the Manager. A statement of changes in the composition of the portfolio during the reporting period is available on request. The performance is calculated for the portfolio. The individual investor performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. The fund is invested in portfolios of collective investment schemes that levy their own charges, and which could result in a higher fee structure for the fund.
