## **Disclaimer and Disclosures**

Collective Investment Schemes are generally medium to long term investments. The value of participatory interests or the investment may go down as well as up. Past performance is not necessarily a guide to future performance. Collective investment schemes are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the manager. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The Manager retains full legal responsibility for the fund, regardless of Co-Naming arrangements. Transaction cut off time is 14:30 daily. Each portfolio may be closed for new investments. Valuation time is 15:00 (17h00 at quarter end). Prices are published dailyand available newspapers countrywide, as well as on request from the Manager. IP Management Company (RF) Pty Ltd is the authorised Manager of the Scheme – contact 021 879 9937/9 or ipmc\_clientservices@fundrock.com . Standard Bank is the trustee / custodian – contact compliance-IP@ standardbank.co.za. Additional information including application forms, the annual report of the Manager and detailed holdings of the portfolio as at the last quarter end are available, free of charge, from ipmc\_clientservices@fundrock.com. A statement of changes in the composition of the portfolio during the reporting period is available on request. The performance is calculated for the portfolio. The individual investor performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax.

The portfolio may include foreign investments and the following additional risks may apply: liquidity constraints when selling foreign investments and risk of non-settlement of trades; macroeconomic and political risks associated with the country in which the investment is made; risk of loss on foreign exchange transactions and investment valuation due to fluctuating exchange rates; risk of foreign tax being applicable; potential limitations on availability of market information which could affect the valuation and liquidity of an investment. All of these risks could affect the valuation of an investment in the fund.

The total expense ratio (TER) was incurred as expenses relating to the administration of the financial product. Transaction costs (TC) relate to the buying and selling of the assets underlying the financial product. Total Investment Charge (TIC) is the value of the financial product incurred as costs relating to the investment of the financial product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's. Transaction Costs are a necessary cost in administering the financial product and impacts the financial product returns. It should not be considered in isolation as returns may be impacted by may other factors over time such as market returns, the type of financial product, the investment decisions of the investment manager and the TER.

Annualised returns is the weighted average compound growth rate over the performance period measured.
